

## Summer camp

This was my 1<sup>st</sup> summer camp, I had a great time doing lots of activities. The best ones for me were rabbit run and

air raffle shoting I scored 9 by hittin the target.

We done wall climbing up a big wall and archery

which was very hard, we went  swimming 4time some times in the rain as it was doing that a lot, but the rain didn't stop us having fun and playing in the woods and building gadgets to get points for our team I was in the lions.

We did have to help with washing up, drying up and keeping the eating area tidy oh and we had to make our beds and have inseptions of our tents we had to do things well to get points.

We also cooked our own dinner one night and we made pizzas.

I had a great time and can't wait to go next year

Thank you for a great time

Akla and skip
